NORFOLK/VIRGINIA BEACH/NEWPORT NEWS MSA
NOW AMERICA'S 28th MARKET! U.S. CENSUS BUREAU 7/30/86
...where No. 2 becomes No. 1!

A glance at the market shows the Daily Press/The Times-Herald with about 23% coverage of the MSA ... but that's woefully misleading. The very waterways that contribute to our desirable lifestyle also divide us into two distinct geographic areas: Upper & Lower Hampton Roads. We're the Upper half, with 75.1% net unduplicated coverage of all adults daily and 78.4% Sunday. Norfolk newspapers reach less than 1% in "our half" of the MSA. That's why it takes both sets of newspapers to reach all of the nation's 28th largest market: Norfolk/Virginia Beach/Newport News!

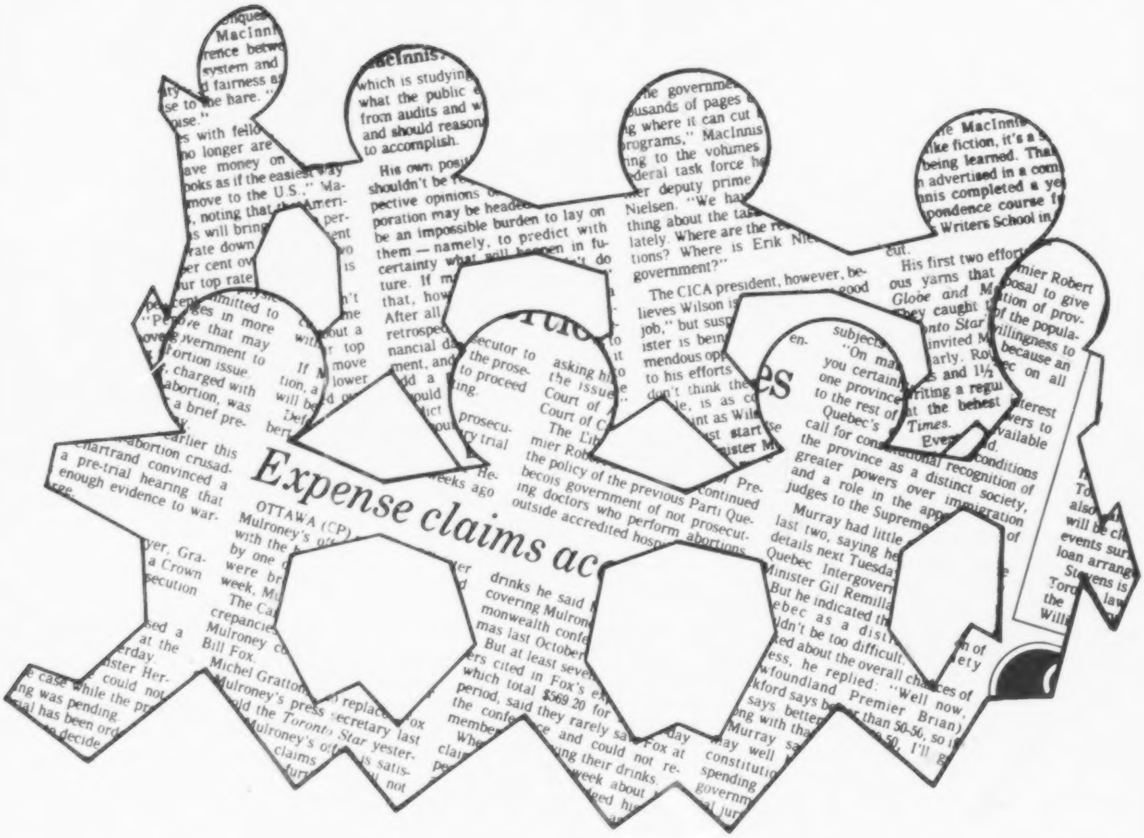
About Advertising In Canada:



If it's women you want, you can have them. Men too. On any given day, one insertion in daily newspapers will introduce you to more than 60% of all Canadian adults.

That's a lot of people. But that's the newspaper for you. A medium that people go out of their way to read and use; page after page. For news, information, advice, and, yes, for the advertising as well.

Newspapers are designed to let you reach a variety of specific target markets. So there's no waste. And, best of all, newspapers allow advertising flexibility, fast turn-around and quick response - without big costs. All of which makes the newspaper one of the most cost-effective ways to reach consumers, coast to coast.

Every time someone picks up a newspaper, it's prime time. Keep that in mind the next time you want to meet Canadian adults. A lot of them.

Profile of a Landslide Winner

ATLANTA

For the second time in a row, corporate leaders across the nation have chosen Atlanta as the most desirable business location in the U.S. The winning margin, 14 percentage points, prompted pollster Louis Harris to note that "in politics, even 10 percent is considered a landslide." An interesting comparison.

Put into the role of "candidate," Atlanta seems highly qualified for a leadership position, gifted at attracting good people and possessing a keen business sense. Its population grew at 2½ times the national rate between 1975 and 1985. From 1980 to 1986, Atlanta gained 326,000 new jobs, a 33% increase.

The ability to cater to everyone's special interests is certainly here. In 1986, nearly 1.6 million convention delegates attended 1,470 Atlanta conventions, spending over $666 million. And in 1988, the Democratic Party will launch its own political campaign in Atlanta.

What's the prospect for this winning streak to continue? Over a half-million new jobs are projected between 1987 and 1997. During that period, Atlanta will be the #2 U.S. market for office development potential. And population usually follows employment.

Indeed, Atlanta's prospects seem easy to predict, no matter what the measurement you use. Atlanta is a winner—by a landslide.

If you're opening a business or expanding your business in Atlanta, our market book, "Atlanta--Something to Boast About," is filled with information you'll want to see. To receive your copy, write to us on your letterhead.
